

One-Handed Clamp

For one-handed clamping and spreading

Clamping, opening and spreading **with just one hand.**

Clamp workpieces more securely.

- 150 kg clamping force.
- Deep jaws with cross slot.

Excellent, comfortable handle shape.

- Sprayed-on two-component grip.
- No need to reposition your hands, e.g. for opening.
- Clamping force is easy to release.

Spreading function for increased versatility.

- Easy conversion with quick adjustment at the press of a button.

Fixed and sliding bars made of fiberglass-reinforced plastic.

- Highly stable; the clamp has a long service life.

Spacer increases convenience.

- The clamp can be placed on a table.
