RADIATOR ACCESSORIES

THERMOSTATIC HEADS

GT5

Designed in Italy

Thermostatic head M30x1.5 with block setting

- Possibility to adjust min. – max. setting or block the head at the adjusted setting
- Temperature range setting: 5 – 30 °C
- Anti-freeze protection: ~ 9 °C

GT12

Thermostatic head M30x1.5

- Possibility to adjust min. – max. setting
- Temperature range setting: 0 – 28 °C
- Anti-freeze protection: ~ 7 °C
- Ambient T max.: 50 °C
- Setting range: 0 – 5

THERMOSTATIC VALVES WITH CONTROL HEADS

ZTG01-W

Thermostatic straight-run valve with GT5 head

- Thermostatic straight-run valve without initial setting
- **10-year guarantee for valve**
- Thermostatic head M30x1.5 with block setting

ZTG02-W

Thermostatic angle valve with GT5 head

- Thermostatic angle valve without initial setting
- **10-year guarantee for valve**
- Thermostatic head M30x1.5 with block setting
- Possibility to adjust min. – max. setting or block the head at the adjusted setting
- Temperature range setting: 5 – 30 °C
- Anti-freeze protection: ~ 9 °C

RADIATOR VALVES FOR SOLDERING

ZGL01

Set of radiator straight-run valves: G1/2 feed and shut-off, solder connection Ø15

- ZG2LY – straight-run radiator valve with 1/2" solder gland seal
- ZP2LY – straight-run radiator shut-off valve with 1/2" soldering

ZGL02

Set of radiator angle valves: G1/2 feed and shut-off, solder connection Ø15

- ZG5LY – radiator angle valve with 1/2" solder gland seal
- ZK2LY – radiator angle shut-off valve with 1/2" soldering
- Max. working temperature: 100 °C
- Max. working pressure: 10 bars

AUTOMATIC DE-AERATING SETS

ZGG1BA

NEW!

The set includes:

- 2 x reduction plugs 1"x1/2" left with seal
- 2 x reduction plugs 1"x1/2" right with seal
- Automatic 1/2" de-aerating valve
- 1/2" blanking plug

ZGG2BA

NEW!

The set includes:

- 2 x reduction plugs 1"x1/2" left with seal
- 2 x reduction plugs 1"x1/2" right with seal
- Automatic 1/2" de-aerating valve
- 1/2" blanking plug
- 2 x painted radiator brackets
- 2 x wall plugs

ZGG3BA

NEW!

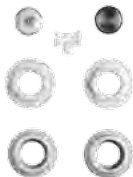

The set includes:

- 2 x reduction plugs 1"x1/2" left with seal
- 2 x reduction plugs 1"x1/2" right with seal
- Automatic 1/2" de-aerating valve
- 1/2" blanking plug
- 3 x painted radiator brackets
- 3 x wall plugs

MANUAL DE-AERATING SETS

ZGG1B

NEW LOWER PRICE!

The set includes:

- 2 x reduction plugs 1"x1/2" left with seal
- 2 x reduction plugs 1"x1/2" right with seal
- manual 1/2" de-aerating valve
- 1/2" blanking plug
- bleeding screw

ZGG2B

NEW LOWER PRICE!

The set includes:

- 2 x reduction plugs 1"x1/2" left with seal
- 2 x reduction plugs 1"x1/2" right with seal
- manual 1/2" de-aerating valve
- 1/2" blanking plug
- bleeding screw
- 2 x painted radiator brackets
- 2 x wall plugs

ZGG3B

NEW LOWER PRICE!

The set includes:

- 2 x reduction plugs 1"x1/2" left with seal
- 2 x reduction plugs 1"x1/2" right with seal
- manual 1/2" de-aerating valve
- 1/2" blanking plug
- bleeding screw
