

Power your life. Anywhere, anytime.

Recharge without losing connection, anywhere, anytime. The compact, high-speed InfinityLab InstantGo 10000 Built-in USB-C Cable power bank lets you safely charge up to three devices¹ simultaneously, even a small laptop. For a quick boost, it can get you to 50% in no time! And with a USB-C cable attached, you'll never be hunting for a misplaced cable. Only one wall outlet available? Smart pass-through charging lets you power up your phone and power bank at the same time. Thanks to auto protection you'll never have to worry about your devices. Plus it's made from recycled plastics and packaged in sustainable, earth-friendly materials.

Features

- ▶ Charge your device in the blink of an eye
- ▶ Charge three devices simultaneously
- ▶ Fast charge USB-C equipped laptops
- ▶ Enough juice to charge your phone twice
- ▶ Smart pass-through charging
- ▶ Slim, compact, pocket sized design
- ▶ Eco materials and packaging
- ▶ Integrated USB-C cable
- ▶ Advanced safety and reliability

Charge your device in the blink of an eye

Power Delivery 3.0 ensures fast charging for your devices. We're talking recharged up to 50% in 40 minutes for a Samsung Galaxy S21², 70 minutes for a Galaxy Tab S7², or 70 minutes for a MacBook Air (2020)². Yes, that fast.

Charge three devices simultaneously

The InstantGo 10000 Built-in USB-C Cable comes with one built-in USB-C cable and an additional USB-A port and USB-C port. This allows you to charge three devices simultaneously³ with our 30W PD⁴ fast charging. Power up smarter.

Fast charge USB-C equipped laptops

Perfect for power-ups. The power bank's USB-C charging port delivers up to 30W⁵ output power to laptops⁶ with a USB-C charging input.

Enough juice to charge your phone twice

Stay powered up on the go with a 10,000mAh battery which will fully charge your phone two times⁷.

Smart pass-through charging

Only one wall outlet available? That's all you need to boost your phone and power bank at the same time thanks to smart pass-through charging⁸.

Slim, compact, pocket sized design

The compact design of the InstantGo 10000 Built-in USB-C Cable makes it a portable charger you can take anywhere.

Eco materials and packaging

This is a more earth-friendly power bank. With 90% recycled plastics and FSC-certified packaging printed with organic soy ink.

Integrated USB-C cable

A power bank and USB-C cable in one. Never again experience a desperate hunt for outlets or cables while you're on the go.

Advanced safety and reliability

The power bank features auto protection against overheating and features overcurrent/overvoltage conditions. It even protects against plugging in something incorrectly.

Disclaimers:

1. Extra cables sold separately.
2. Charging times based on SGS testing using USB-C port and compatible charging cable. Actual user experience may vary depending on many factors, such as model, battery size, temperature, humidity, and condition and age of the device.
3. Extra cables sold separately. When three devices are charging simultaneously, these devices may be partial charge instead of full charge due to the battery capacity of power bank.
4. Both built-in USB-C cable and USB-C port supports max. 30W PD charging. USB-A port supports max. 15W charging. When charging three devices simultaneously, total max. output is 30W.
5. To deliver single USB-C port max. 30W charging, select compatible USB-C to USB-C cable that can support 30W charging output.
6. It may not apply to laptops that require output power more than 30W.
7. Based on SGS testing for an iPhone 12, using a fully charged power bank indoors under room temperature to charge a fully discharged iPhone 12 until it is 100% charged, and repeating the process until the power bank is out of battery. Actual user experience may vary depending on many factors, such as smartphone make, model, battery size, temperature, humidity, and condition and age of the device.
8. Wall charger sold separately.

What's in the Box:

- 1 x InstantGo 10000 Built-in USB-C Cable power bank
- 1 x USB-A to USB-C Cable
- 1 x QSG
- 1 x Safety sheet
- 1 x Warranty card

Technical Specifications

General specifications

- ▶ Battery type: Lithium-ion Polymer 38.5 Wh (equivalent to 7.7V, 5,000 mAh)
- ▶ Operating temperature: 0~45°C
- ▶ USB-C in/out: 5V-3A; 9V-3A; 12V-2.5A; 15V-2A; 20V-1.5A
- ▶ USB-C out: 5V-3A; 9V-3A; 12V-2.5A; 15V-2A; 20V-1.5A
- ▶ USB-A out: 5V-3A
- ▶ Total Output Max.: 30W
- ▶ Battery charge time: 4 hours (5V-3A)

Dimensions

- ▶ Dimensions (W x H x D): 153 x 76 x 15.2mm/ 6 x 3 x 0.6"
- ▶ Weight: 230g/0.51 lbs
