Performance A+ Series

Multi-Socket CPU Cooler M704PRO.ARGB

The new M704.ARGB CPU cooler from the Performance A+ series brings light into the inside of the case. In order to highlight the fan perfectly, the heatsink and also the heat pipes are designed in black.The top cover has a ARGB lighting.

With its 3PIN (5V Aura) connector being linked to the equivalent connector on the mainboard, the fan's color scheme can be controlled. In case there is no such RGB M/B connector on the mainboard, the M704.ARGB offers the possibility to manage the color scheme via a mini controller. (being powered via the SATA connector of the PSU)

With this design and its specifications, the M704.ARGB cooler is especially appropriate for gaming systems.

Thanks to the multi-socket design, the cooler can be applied on all current AMD and Intel sockets. Included in the scope of delivery is – besides heatsink and 120mm PWM fan – mounting material for sockets LGA 2066/2011/1200/1151/1150/1155/1156/1700 and AM4, illustrated assembly instructions as well as a tube of thermal paste.

Product Features

- Classy black design
- Silent, hydro bearing 120mm LED PWM-fan
- Black heat-sink
- Four black 6mm copper heat pipes for better heat flow
- Fin Design for high airflow and efficient cooling of the CPU and surrounding components
- Slight overhang of the fan avoids hotspots
- Possible mounting of the fan on both sides of the heat sink
- Suitable for all current AMD and INTEL sockets

Technical Data

Sockets	AM4
	LGA2066/2011/1200/1151/1150/1155/1156/1700
CPU max. Watt	180W
Fan Size	120 x 120 x 25mm
Fan Speed	500 - 1500 ± 10% RPM
Airflow	68.2 CFM
FanControl	PWM
Noise Level	18.0 - 30.2 dB (A)
ThermalPaste	included
Dimensions (H/W/D)	160 x 120 x 75mm
Weight	718g

Logistical Data

Manufacturer Number	M704PRO.ARGB
Artikelnummer	XC056
EAN Barcode	4044953503023
