Just press one practical Magic Click to set your preferred stream type, just! Thanks to this simple solution, you don't have to struggle to twist the spray handle disc.

EASY CLEAN

The faucet aerator is equipped with EASY-CLEAN technology with an antiscaling system and a rubber finish which makes it resistant to scaling and easy to clean and maintain.

COLD TOUCH

The COLD TOUCH system isolates the hot water flow from the thermostat housing. Thanks to this, the solid brass body of the shower faucet always stays cool and safe.

SHOWER

Have you ever dream of an interior in which you will find relief? Look how to arrange the bathroom so that it becomes your place of rest. A place where you will experience a stimulating „good morning“ and a relaxing „good night“ ... Discover extraordinary moments in unique interiors.

ROSE

At a time when sanitary fittings stop being just utility equipment and become a decoration, it is worth reaching for something really special. The combination of warm copper, a bit of amber and precious gold intrigues and delights. The dawn reflected in the ROSE GOLD color is an experience you will come back to.

V-BOX

V-BOX is a functional concealed element, to which you can freely adjust the external elements of the battery.

QUIET OPERATION

Water piping elements are located inside the housing, so that the sound of flowing water is suppressed.

PROTECTION AGAINST MOISTURE

Brass items have limited contact with the wall, thanks to housing which protects walls from moisture.

PRZYŁĄCZA

- Shower Valve 3 x G 1/2
- Bath/Shower Valve 2 x G 1/2, 1 x G 3/4

ASSEMBLY

Universal mounting allows for stable mounting of V-BOX inside the wall.

WALL ADJUSTMENT

By properly cutting the housing flange, we can adjust the depth of the V-BOX assembly in the wall.

ASSEMBLY V-BOX

1. Leveling of the concealed part. 
2. Installation of piping to the concealed part. 
3. Plaster and ceramic tiles assembly. 
4. Installation of external components. 

CONCEALED ACCESSORIES

Concealed 3-function batteries combine simplicity and functionality. Thanks to the ceramic switch you can smoothly change the water stream from the rain shower to the handset or spout.
