

ALPINE RSL 5W-40 C3

HC-Synthetic high-performance low-friction engine oil for passenger car engines with or without exhaust aftertreatment system

Properties				
	Alpine RSL 5W-40) C3 is a HC-svn	thetic high-performance low-friction oil for	
	 petrol and diesel engines in passenger cars. It is a low-SAP product with reduced low sulphur, ash and phosphorus content. Base oils produced with the latest synthesis technology and carefully chosen innovative high-performance additives help reduce the sulphated ash content and guarantee reliable wear protection and keep the engine clean. Excellent cold start behaviour ensures optimum lubrication during the cold start phase. The product provides reliable protection under extreme conditions and high temperatures. Alpine RSL 5W-40 C3 is recommended for use under all operating conditions and helps protect the environment as it reduces harmful emissions. 			
Use instructions				
	 Alpine RSL 5W-40 C3 has been specially developed for diesel engines with particle filters (DPFs) and is also fully compatible with catalytic converters (CATs) of petrol engines. Alpine RSL 5W-40 C3 prolongs the service life of the exhaust gas aftertreatment systems and enhances its performance.
